

All About 8x8 Meetings

Everything you wanted to know about
8x8 Meetings

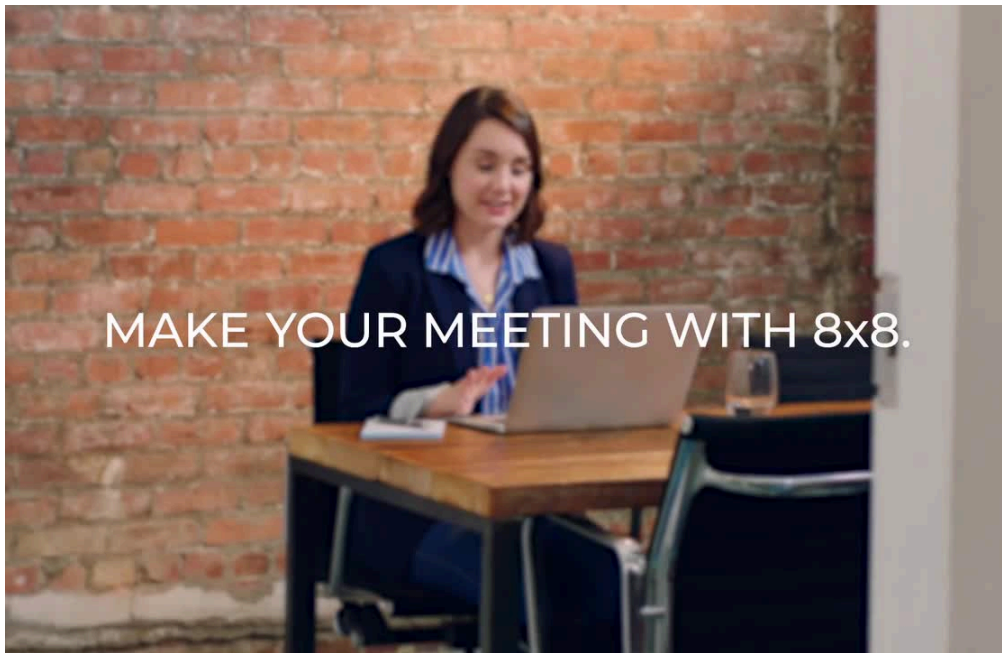

One Meetings Platform

Many options

Meet on Your Terms

8x8 Meetings allows you to work and collaborate from anywhere and using any device. It is a scalable, meetings solution perfect for organizations of any size. It's secure, safe and simple to use, offering limitless flexibility on how you collaborate with colleagues, vendors and customers.

Three Ways to Meet

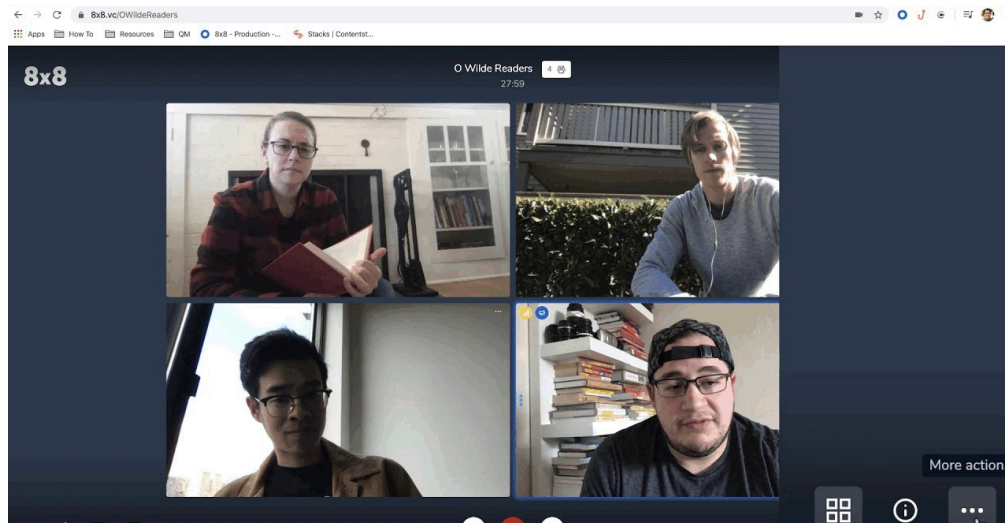

Meetings Free: 8x8 Meetings Free provides unlimited crystal clear HD audio and video communications with 80+ dial-in/toll-free numbers from 55+ countries, calendaring integration and a personal meeting space, desktop and application screen sharing, public and private chat, mobile apps, desktop apps, and enterprise-grade security. All offered 100% for FREE.

Meetings Pro: For a small monthly fee, you can get everything on the Free version, plus the ability to dial out from within a meeting, get real-time closed captioning during the meeting and a full meeting transcript as well as meeting analytics and YouTube streaming. HD recording and store it in the 8x8 cloud for up to 60 days.

X Series Meetings: Meetings integrated with an all-in-one communications platform which includes call, chat and messaging. In addition to everything available in the Pro version, escalate any one on one or group call or chat to a Meeting in one click, access contacts via your corporate directory, and set up Meeting Rooms for an optimized in room Meetings experience.

Meet for Free

- No arbitrary limits on the length and number of meetings for up to 100 participants
- Browser-based, so no downloads required
- Strong encryption and security with optional end-to-end encryption coming soon
- Intuitive controls to make managing a meeting simple
- Screen and content sharing by multiple users simultaneously
- Video quality management

Get More with Pro

- Closed captioning, transcriptions and recordings
- 60 days of cloud storage
- Calendaring integration
- Dial out and connect participants
- Analytics
- Full branding customization (logo, background and URL)
- YouTube Live streaming

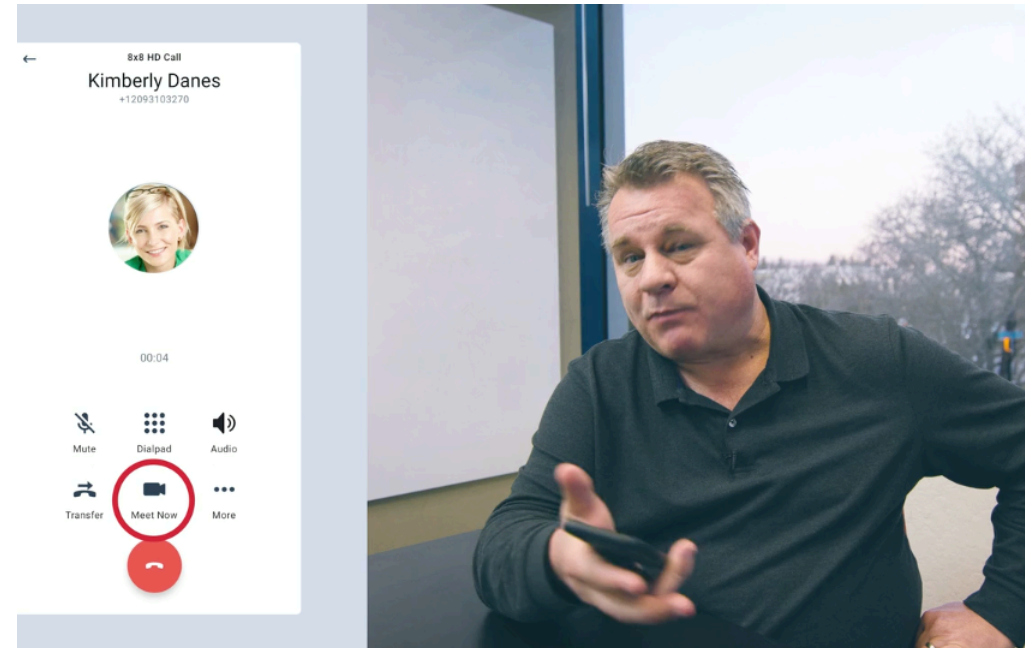

All in One with X Series

Get an all in one industry leading communications solution with X Series that includes calling, messaging, texting, Meetings and content sharing. All integrated and using one convenient application on your desktop or mobile.

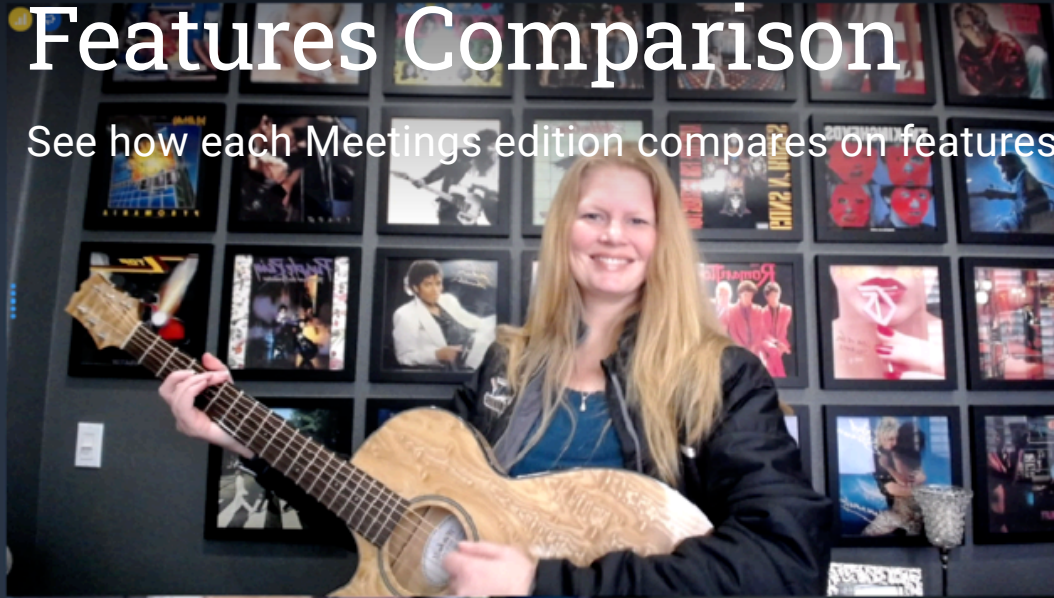

With Meetings for X Series and the [Virtual Office app](#) for desktop or mobile, you can keep track of your Meetings calendar in one convenient location and start and join Meetings right from the app. Take advantage of advanced capabilities such as corporate directory integration and escalating a one to one or team call or chat instantly to a Meeting to continue the conversation.
